FOREWORD

Dear Practitioners,

It is with great satisfaction that we send you this editorial, bearing good news and strong commitments from Bien-Air for the first half of 2024.

At Bien-Air, we consider your comfort as oral health professionals and the safety of your patients to be top priorities. Our commitment to constantly improving your practice is reflected in significant investments in our industrial facilities.

By investing in sustainable energy sources such as photovoltaics and geothermal energy, we ensure the environmentally-friendly operation of our machines. The heat emitted by our equipment is judiciously used to heat our buildings, thus eliminating the use of fossil fuels. Bien-Air is actively committed to minimising carbon emissions, thus contributing to the preservation of our planet.

These commitments strengthen our operational capacity, which translates into the ability to provide you with high-quality instruments at competitive prices without compromising on quality. A case in point is the iconic 1:1 blue contra-angle on page 10, Bien-Air quality at an unbeatable price.

The New Year also marks an important step in our European expansion, with the transformation of our French subsidiary into Bien-Air Europe. This development marks our determination to achieve excellence and consolidate our market position while continuing to strengthen our commitment to you and our business partners.

Thanks to these investments and this new organisation, we are ready to take on new challenges and continue to meet your needs.

We thank you for your continued confidence. Together, we are building the future of oral health.

Your Bien-Air team.

LATCH TYPE

HIGH SPEED  SYSTEM

ESTABLISHING UNPRECEDENTED STANDARDS

Discover a whole new dimension When combining a latch-type chuck system built into a high-speed handpiece with 34 mm extra-long surgical burs. The result is a product whose durability is multiplied by more than two, demonstrating unrivalled versatility and reliability in all tested scenarios.

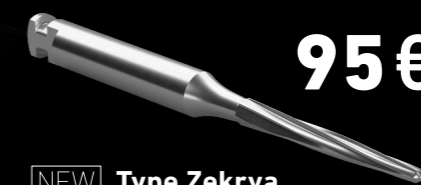

- 1/ GREATER ROBUSTNESS THROUGH THE UNIQUE DESIGN OF THE LATCH-TYPE BURS.**
- 2/ ENHANCED STABILITY AND REDUCED VIBRATIONS THANKS TO THE LONGER BURS' LENGTH.**
- 3/ IMPROVED AND FASTER CUTTING SPEED FOR OUTSTANDING EFFICIENCY.**

micro
SERIES

**APICECTOMY
HEMISECTION
CROWN LENGTHENING
WISDOM TOOTH EXTRACTION**

To provide you with cutting-edge and higher-performance contra-angles, the redesigned CA 1:2.5 can now be combined with extra-long 34 mm surgical burs in latch-type! Making it the new reference for surgery and periodontology.

Its internally routed irrigation line and smaller head allow easy handling of the instrument and a clear view of the surgical area, significantly improving ergonomics. The use of stainless steel ensures greater reliability and makes it more corrosion-resistant.

OUR SERVICES

PLAN CARE

BIEN-AIR EXTENSION OF WARRANTY

PlanCare guarantees a total care package for your products, once the factory warranty expires.

AN EXTRA YEAR'S PEACE OF MIND.

Our products are built to last. However, the extended warranty means that you have another 365 days with nothing to worry about should a problem occur.

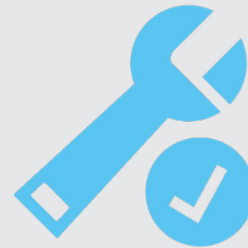

SIMPLICITY.

Give yourself the gift of an additional year's warranty. Simply register your product within ten days of purchase. The extension will take over from the standard warranty once this expires. Register your instrument on www.registermyplancare.com, and we will take care of the rest.

For just **€135 + VAT**

DEALER STAMP:

AFTERSALES SUPPORT

BIEN-AIR AFTER SALES SERVICES

With our Service Plus, you will automatically benefit from the best conditions for all your repairs outside of the warranty.

EQUIPMENT LOANS.

Our repair service is both quick and efficient. However, if you simply cannot wait, we will loan you a replacement product free of charge.

COMPLETE TRANSPARENCY.

The costs of maintenance, reconditioning and repair are precisely calculated and clearly displayed, alongside the details of the services provided. This means you will always know up front the amount you need to pay, with no unwelcome surprises.

ENHANCED PROFITABILITY.

Your equipment can be completely reconditioned at an advantageous price, extending its service life and increasing your profit margins.

WARRANTY ON REPAIRS.

All our repairs are guaranteed for 6 to 12 months depending on the work performed.

TRADE-IN PROMOTION.

Sometimes it is not really worth investing in a repair. You can still benefit from a trade-in promotion, with a minimum of 10% off when you purchase a new product.
